CHAPTER 01 — 轻 / WEIGHTLESS

Lighter *than air.*

Every girl is handed something fragile early on: a balloon, a bubble, a promise. The first act of heroism is neither letting go nor gripping so hard it breaks.

每个女孩很早就会被交到手里一样易碎的东西：气球、泡泡、一个承诺。英雄主义的第一步，是既不松手，也不攥碎。

Float first. *Fly later.*

— Rule zero, age eleven

R1 **Hold loosely** 松而不脱
A string, not a fist.

R2 **Rise slowly** 缓慢上升
Altitude is earned in centimetres.

R3 **Shine when struck** 遇光则亮
Let the light show you your own edges.

CHAPTER 02 — 暮 / THE LONG DUSK

Every skyline *starts at dusk.*

Nobody switches a city on at noon. The windows that matter light up one at a time, after the sun has gone, because someone stayed.

没有人在正午点亮一座城市。真正重要的窗，是太阳落下之后，因为有人留下，才一扇一扇亮起来的。

01
Spark 心动
A thing you cannot stop looking at.

02
Doubt 迟疑
The room tells you to be smaller.

03

04

05

CHAPTER 03 — 甲 / SOFT ARMOUR

Armour doesn't *have to be hard.*

01

Porous 镂空

Lace lets light and breath through, and still stops a blow.

02

Layered 层叠

Strength is many thin things, held together.

03

Shadow-casting 投影

Even softness leaves a mark on the wall behind it.

MATERIAL	WEIGHT	WEAK POINT
Bone-white resin, hand-poured	Nearly none	None disclosed

FIG. 3 Cast relief, raking light · normals from luminance · the light follows your cursor.

CHAPTER 04 — 舞 / DANCE

She moves like the room *belongs to her.*

她一动，整个房间就成了她的。

THREE MOVEMENTS

00:12

Reach 伸展

An arm over the head, towards nothing yet.

00:27

Turn 回旋

The hair keeps going after she stops.

00:41

Release 释放

Nobody was watching, and it doesn't matter.

FIG. 4 Oil study · hair advected by curl noise · chromatic split on highlights.

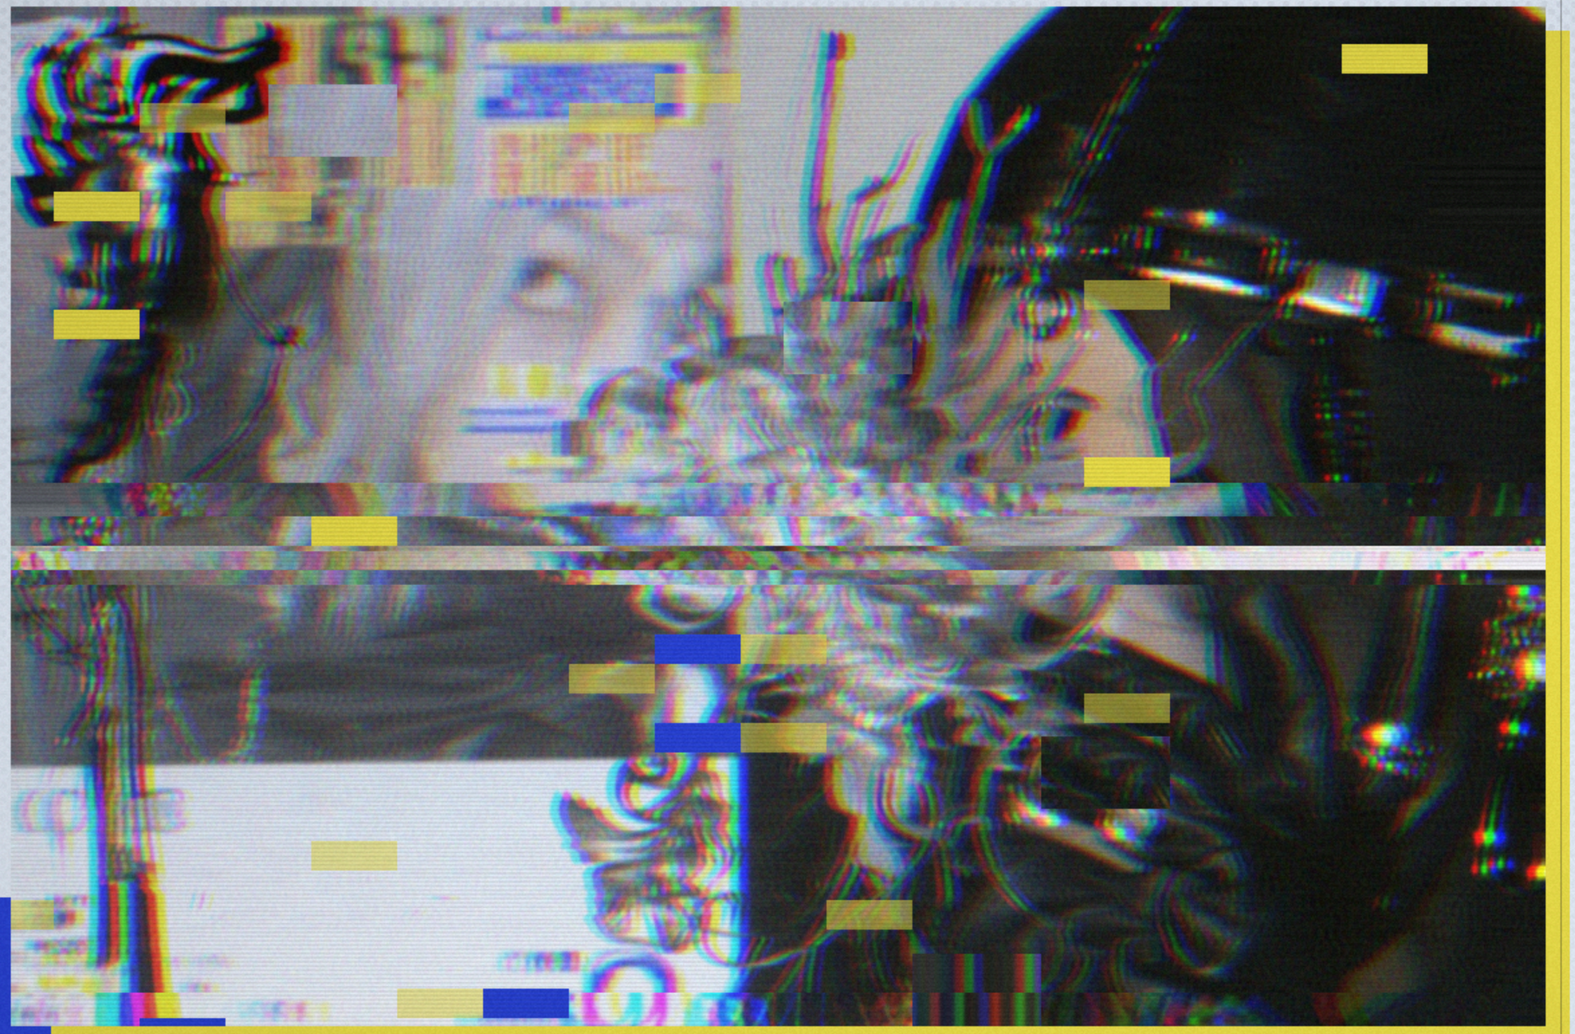

FIG. 5 Gothic collage · datamosh pass: row tearing, block swap, RGB split, scan bar.

CHAPTER 05 — 噪 / SIGNAL & NOISE

Not every layer *is for you.*

Girlhood is also a collage: other people's captions, screenshots, rumours. Heroes edit.

少女时代也是一张拼贴：别人的字幕、截图、传闻。英雄会剪辑。

ID	LAYER	STATE
A01	Their caption	MUTED
A02	Silver hair	KEPT

Aa	DM Sans	TEXT · 27 / 22
Aa	Space Mono	LABEL · 15 / 14
AA	Silkscreen	PIXEL · 18
字	Noto Serif SC	汉字 · ALL SIZES

R 1 **Pixel grid.** Every ornament snaps to a 14 px cell and a 12-column page grid.

R 2 **Corners only.** Filigree lives in the margins, one corner per page, placed where the layout is empty, always clear of the header and footer.

R 3 **One guest per page.** Reference 01 sets the ground; each chapter invites exactly one other reference as its accent.

R 4 **Four text levels.** Eyebrow, headline, lead, caption. Nothing else gets a size.
